COUNTY FEE BILL STARTED ON WAY SUPREME COURT

Attorney General Makes Demand for Report on Dade Revenue

(By Associated Press)
Tallahassee, June 15.—The act of the 1921 legislature prescribing the remuneration of county officers who work on the fee basis was started on its way to the supreme court today for the purpose of determining its validity.

Attorney-General Buford filed before the court a petition for a writ of mandamus to compel Ben Sheppard, clerk of the circuit court for Dade county, to file a statement showing the amount of fees collected by him during the first quarter of the year. Filing of the statement is called for when \$5,000 in net revenues has accumulated.

It has been understood for some time that the county officers affected by the act would contest its constitutionality.

Mr. Sheppard is understood to have notified the attorney general some time ago that he would withhold making the statement in order that a test case might be made as to its validity.

The burden of starting the test case fell to Mr. Sheppard because of Dade county, it is understood, having been the only county in which the net fees have totaled \$5,000.

The so-called county fee act was considered one of the major enactments of the last legislature and was the center of a spirited fight from both sides. The act provides that the officers receive all the net revenues accumulating up to \$5,000 after which they receive a percentage graduating downward until the maximum \$6,000 is reached. The \$7,000 limit is provided for counties having a certain population, Duval being the only one to come under its provisions.

As an example of the drastic curtailment of some of the officers' fees one office in Duval county now held down to \$7,500 annually, formerly paid around \$30,000.

POLICE STILL GUARD STRAUB FROM CROWDS

Lansing, Mich., June 15.—State police today continued to guard the city jail, where George Straub, alleged confederate flyer of Miss Alice Mallory, was held in safety last night, as several scores of Jackson men demonstrated the prisoner. Local officers are on guard on all streets in the vicinity to disperse crowds or prevent demonstrations that might lead to another attempt at violence.

SHRINE FOR REV. HUNT.

Newport News, Va., June 15.—An outdoor shrine to the Rev. Robert Hunt, first Protestant Episcopal celebrant of the holy communion in America, will be unveiled at noon today at Jamestown Island, the ritual of the first communion in the new world to be followed throughout the ceremony.

COMMISSIONER OF FLAGLER COUNTY BEATEN AGAIN

(Continued from Page 1.)

in Volusia county. He was brought back to Bunnell and for two days it was feared that his skull was fractured. He was anxious to leave Bunnell at once, telling his friends that he had to be out of the county by sundown, but physicians would not permit him to go. Monday, however, he went to Loughman.

Mr. Fields was said to be a very brave man, always went armed and his house was a veritable arsenal since he was attacked the second time. Friends in Bunnell said that he has expressed the determination to return and attend to his business affairs.

Mr. Fields came to Bunnell from Loughman where he remained but a short time after he arrived in Florida from his former home in Cordele, Ga. He was city attorney of Cordele to know that he is a little better today.

Julien de Nazarie is now busy compiling the state agricultural and manufacturing census.

Gasoline Reserve Increasing, But No Declines in Price

(By Associated Press)
Washington, June 15.—The nation's gasoline reserve is continuing its record-breaking climb, according to figures compiled by the United States Bureau of Mines, which show that on May 1, the total stocks on hand amounted to 892,267,766 gallons, an increase of 38,000,000 gallons over the previous high record mark of April 1. While production records are being broken the figures for the consumption of gasoline are also on an upward spurt. Thus, while domestic production for April, 1922, registered an increase of 10.96 per cent over the production in April, 1921, domestic consumption of this product in April 1922, shows an increase of 11.57 per cent over the consumption figures for April, 1921. While the figures for domestic production plus imports of gasoline for April, 1922, registered an increase of 13.43 per cent over similar figures for April, 1921. The figures for domestic consumption plus exports and shipments for April of this year show an increase of 13.61 per cent over similar figures for the corresponding period last year.

The production of gasoline during April, which amounted to 472,920,182 gallons, showed practically no increase over March. Total consumption figures including exports and shipments to insular possessions, however show an increase of 12,000,000 gallons. Exports for April amounted to 58,007,495 gallons; shipments to insular possessions, 1,894,426 gallons; imports, 10,581,720 gallons; domestic consumption 385,563,870 gallons.

**Fish and Game to
Be Protected if
League Can Do It**

Orlando, June 15.—Organization of a fish and game protective league was effected here last night at a meeting of delegates representing the various wild life leagues of the state.

Dr. George S. Stone of Fort Myers was chosen president of the new organization with Rube Allen of Hillsborough county as secretary. Vice-presidents will be named from each of the subsidiary organizations. The next meeting of the association will be held at Lakeland in October.

More than forty delegates were present at the meeting here and each of the nine counties already organized for the protection of game and fish were represented. A committee was appointed to supervise organization work in all sections of the state.

Speakers urged the protection of the fish and game of the state, suggesting various forms of legislation and methods of law enforcement to obtain the desired end.

at one time, and served in the Georgia legislature. When he went to Bunnell he bought up a lot of notes and mortgages on property of the Bunnell Development Co., and during his residence at Bunnell has devoted his time to collecting these.

When asked about the motive for the attacks on him Mr. Fields is said to be reticent, but said that he didn't care if he was killed any day but that he expected to continue to do what he thought was the proper thing.

FUNERAL OF A POPULAR YOUTH AT SAN MATEO

The funeral of Aubrey Woods, aged 10, who died at the home of his parents, Mr. and Mrs. Herbert Woods, Tuesday afternoon at 3 o'clock, took place yesterday morning at 11 o'clock.

He is survived by his parents, two brothers and one sister. Mr. and Mrs. Woods and family came to San Mateo recently from Richmond, Va. The cause of the boy's death was typhoid fever.

DISCOUNT RATE LOWERED

London, June 15.—The Bank of England today lowered its discount rate to 3 1/2 per cent, a reduction of one-half per cent from the figure established on May 13, last.

The bank took Lombard street by surprise in making the reduction. Its action is believed to have been due to a desire to bring the rate more in line with the short loan market, which recently has had large funds unemployed at from 1 to 2 per cent while the bank rate stood at 4 per cent.

GOOD HELP IN SUMMER

Indigestion causes worry, nervousness, sick headaches, biliousness, coated tongue, bad breath, bloating, gas, constipation and constant distress. Henry C.
